ONE TEAM BEHIND EVERY DELIVERY

Lapiz Blue is not a warehouse with a sales counter. It is a group of people who move construction chemicals from 25+ global brands onto UAE job sites, on time and specified correctly. Every order that reaches a site has passed through several hands, and each of those hands knows exactly what the next one needs.

OUR Teams

LOGISTICS

Coordinating seamless transit and timely site deliveries across the region to keep your projects running without interruption.

SALES

Connecting clients with the right building solutions through proactive support, deep product expertise, and trusted partnerships

FINANCE

Managing the financial backbone of Lapiz Blue ensuring seamless cash flow, accurate reporting, and timely collections to drive sustainable growth.

LOADING TEAM

Ensuring every order is safely handled, accurately loaded, and dispatched on time to keep your project on schedule.

Defining the Art of *Fínísh*.

Mapei is a global leader in chemical products for the building industry. They offer durable, high-quality solutions focused on sustainability and innovation. Their expertise supports major architectural, housing, and restoration projects worldwide.

- Adhesives
- Waterproofing
- Grout
- Repairing
- Sealant
- Coating and leveling

Why MAPEI with Lapiz Blue?

At Lapiz Blue, our partnership with Mapei delivers world-class expertise, innovation, and sustainability to the UAE. Together, we provide trusted, high-quality solutions tailored to local needs and backed by decades of proven performance.

- Direct supply from Mapei, ensuring 100% authenticity.
- Dedicated experts to help you choose the right Mapei solution for your needs, backed by our close relationship with Mapei
- Unmatched and extensive stock available for immediate delivery across the UAE and GCC.
- Seamless operations, smart digital marketing, and service that sets us apart.

Official authorised distributor of Mapei

- Honored with the Service Champions Award in 2022 for our technical expertise, and product knowledge.
- Recognized as the Highest Potential Reseller in 2023.
- Back to back Best Reseller Award winner in 2024 & 2025 , highlighting our trusted partnership and consistent excellence with Mapei.

As a global leader in paints and coatings, AkzoNobel offers a comprehensive range of decorative, powder, and industrial solutions. Driven by innovation, color expertise, and environmental responsibility, the company develops high-performance finishes trusted worldwide for lasting beauty and surface protection

Why Dulux with Lapiz Blue?

At Lapiz Blue, our partnership with Dulux brings AkzoNobel's global paint technology, colour expertise and durability to projects across the UAE. Together, we deliver high-performance wall, floor and metal coatings tailored to Gulf conditions and modern architectural standards.

- Dulux, the decorative paints brand of AkzoNobel, brings complete coating systems that protect and beautify every exposed surface of a project – from podium decks and façades to doors, railings and interior spaces
- Weather shield paints protect façades from UV rays, heat, and rain, keeping walls cooler and cleaner. Interior lines like EasyClean and Dulux ECO offer smooth, low-odor finishes with minimal VOCs in a variety of shades.
- Floors – car parks & traffic decks Dulux CRAFCO concrete repair and floor coating systems are engineered for ramps, parking bays and podium decks, combining elastomeric crack-bridging with chemical, abrasion and slip resistance under heavy traffic.
- Dulux High Gloss Enamel and PU Enamels provide metal with a durable, high-gloss finish, perfect for gates, railings, and architectural details.

Floors. Walls. Metal. **One Dulux system** for the whole building.

Jaquar
GROUP

it’s all in the *details*

Their collections often feature sleek contours and refined metallic finishes, appealing to those who appreciate contemporary luxury. The brand places a strong emphasis on sustainability, integrating advanced water-saving technology and supporting eco-conscious manufacturing practices. Jaquar's design philosophy encourages individuals to transform their bathrooms into personal sanctuaries, focusing on fixtures that not only elevate their surroundings but also inspire a rejuvenating sense of well-being.

PRODUCT LINE

Jaquar GROUP

WATER CLOSETS

Jaquar water closets come in single-piece, coupled, and wall-mounted options, often with rimless designs, dual-flush water-saving technology, and an anti-germ glaze that resists bacteria and stains, offering hygienic, low-maintenance performance with a sleek, modern look.

FAUCETS

Jaquar faucets combine sleek, contemporary designs with precision engineering, offering finishes like chrome and PVD in various collections, plus features like ceramic disc technology for smooth, drip-free operation and water-saving aerators for efficient, long-lasting performance.

WASH BASIN

Jaquar wash basins come in wall-hung, counter-top, under-counter, and over-counter styles, crafted from durable, stain-resistant ceramic with an anti-germ glaze for hygiene, and designed with sleek, contemporary shapes that coordinate seamlessly with their faucet ranges.

PRODUCT LINE

BATHTUBS

Jaquar offers a wide range of bathtubs — freestanding, built-in, corner, drop-in, clawfoot, and whirlpool styles — crafted from durable, heat-retaining acrylic with ergonomic, body-hugging contours for a comfortable, spa-like soak.

WHIRLPOOL AND SPAS

Jaquar whirlpools and spas use multi-function jets and durable, heat-retaining acrylic construction to deliver soothing hydrotherapy, turning ordinary baths into relaxing, spa-like wellness rituals at home.

SHOWERS

Jaquar showers range from overhead rain showers to hand showers and body jets, offering thermostatic mixers for precise temperature control, booster technology for consistent flow even at low pressure, and Hydrolite LED lighting that glows in sync with water temperature combining safety, comfort, and a spa-like experience at home.

SAUNAS

Jaquar saunas bring the traditional heated wooden room experience home, using unpainted wood interiors with precise temperature control to relax muscles, improve circulation, and refresh the mind, blending timeless sauna ritual with modern design and craftsmanship.

kerakoll

Kerakoll is an Italian multinational and a leader in sustainable building solutions, known for its GreenBuilding philosophy. They develop high-performance, eco-friendly products for tile installation, construction, waterproofing, insulation, and decorative finishes, combining innovation, design, and environmental responsibility in projects worldwide.

- Adhesives
- Waterproofing
- Grout
- Sealent
- Microcement

Grouts that define spaces.

Decorative grouts and sealants for contemporary projects.

KalingaStone®
ITALIAN DESIGN

TERRAZZO, MARBLE & QUARTZ COLLECTION

KalingaStone is a global leader in the manufacturing of engineered stone, blending traditional Italian craftsmanship with cutting-edge technology. With a massive production capacity of over 15 million sq. ft. per year, the brand has redefined luxury interiors by offering surfaces that are not only aesthetically superior but also structurally more durable than natural stone.

Engineered Stones Collections

ELIXER | TERRAZZO | QUARTZ | MARBLE

FILA Surface Solutions is a global leader in surface care and protection, offering high-performance cleaners, sealers, and maintenance solutions for tile, natural stone, porcelain, LVT, wood, and more. With a strong focus on sustainability and innovation, their systems help preserve the original beauty of surfaces while delivering long-lasting protection for both residential and commercial spaces.

- Sealers
- Cleaners

Pidilite Puma is a joint venture between Pidilite MEA Chemicals LLC and Grupo Puma Spain, combining expertise in advanced technical mortars. With a strong presence in global markets, they deliver high-quality, innovative solutions backed by rigorous quality control, sustainable practices, and a commitment to continuous innovation.

- Adhesives
- Waterproofing
- Grout
- Leveling

Saveto (Saudi Vetonit Co. Ltd.) is a leading MENA-based construction materials manufacturer founded in 1981, known primarily for its Vetonit brand of finishing solutions. The company specializes in premixed dry-mix mortars, wall plasters, tile adhesives, grouts, concrete repair systems, and waterproofing coatings for commercial and residential developments across the Middle East.

- Plasters & Renders
- Tile Adhesives
- Tile Grouts
- Waterproofing Coatings
- Concrete Repair
- Flooring Screeds
- Bonding Agents

Sika is a Swiss specialty chemical leader that manufactures professional products for bonding, sealing, damping, reinforcing, and protecting structures, including concrete admixtures, sealants, waterproofing systems, industrial flooring, and structural repair mortars for global construction and manufacturing projects.

- Building Envelope & Protection
- Concrete & Structural Solutions
- Flooring & Installation

Since 1976, Profilpas has delivered precision finishes for floors and walls, from ceramic to marble, wood to LVT. Their skirting boards, bathroom systems, shower drains, balcony and step profiles, and accessories — in materials from aluminium to PVC — are trusted in homes, hotels, hospitals, schools, and even at sea.

- Profiles for floors and coverings
- Profiles for shower systems
- Skirting Boards
- Technical Entrance Mats
- Outdoor Raised Floors

Founded in 1995 and headquartered in China, OYH has grown into one of the world's largest functional building materials enterprises, operating in over 150 countries and regions.

- Waterproofing
- Mortars & Adhesives
- Wall Coatings
- Thermal Insulation
- Sealants & Glues
- Concrete Admixtures
- Roofing Materials

Laticrete is a family-owned, global leader in high-performance tile and stone installation systems and building finishing solutions. With ISO 9001:2015 certified operations, they combine innovation, sustainability, and safety to deliver reliable products trusted in projects across more than 100 countries.

- Adhesives
- Waterproofing
- Grout
- Cleaners

Weber Saint-Gobain is a leading global manufacturer of industrial mortars and high-performance building materials. Part of the Saint-Gobain group, they deliver innovative solutions for facades, flooring, tile fixing, waterproofing, and building protection, backed by technical expertise, training, and a commitment to sustainability.

- Adhesives
- Waterproofing
- Grout
- Repairing
- Sealent
- Coating and leveling

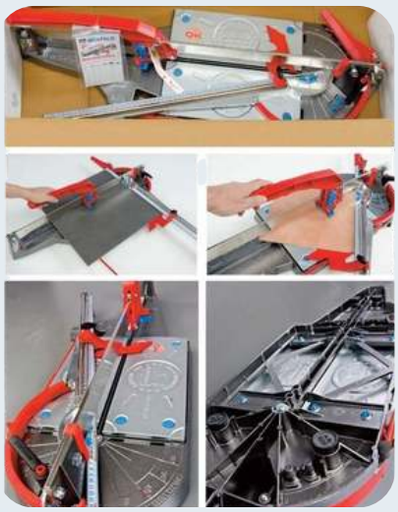

DeWalt, founded in 1924 and part of Stanley Black & Decker, is a global leader in durable, high-performance tools for construction, manufacturing, and woodworking. We supply their professional-grade power tools, known for innovation and reliability on every jobsite.

Hilti is a Liechtenstein-based multinational founded in 1941, specializing in innovative tools, fasteners, software, and services for the construction industry. Serving professional end-users worldwide, Hilti focuses on quality, safety, productivity, and sustainability in building and industrial applications, and we supply their power tools and anchoring chemicals.

Brevetti Montolit SpA is a leading Italian manufacturer of patented professional tools, specialised in handling and cutting large-format tiles. Renowned for innovation, durability, and precision, Montolit delivers award-winning solutions for stone and tile processing in the global construction industry.

BIHUI designs, manufactures, and distributes professional tools and machinery for tilers and construction workers, specialising in large-format tile handling and cutting. Their range includes mixers, spacers, sponges, grouting floats, leveling systems, and other high-quality, innovative solutions that make tile installation easier, faster, and more precise.

Concrete Acts of Kindness.
